

# TUBE-FAB

Founded in 1953, Tube-Fab Ltd began as a 10 person tube bending shop and has now grown to over 55 expert “Fluid Delivery’ fabrication employees. Operating 2 shifts per day, we offer a ‘One Stop’ Shop to deliver you metal tubular and machined components and assemblies. We perform a wide range of fabrication activities from start to finish. Bending, forming, machining, welding, swaging. In 2024, Tube-Fab Ltd opened our “Wet & Finishing Center “capable of full range of cleaning, chemical processing, painting, pressure testing, inspection, identification and final compliance verification. Tube-Fab Ltd has focused continuously on providing excellent quality and value to all out clients.

## GLOBAL SERVICE

Tube-Fab Ltd.’s diverse capabilities and approvals, focus on delivering the highest quality of products and value to our network of clients in a variety of industries. AEROSPACE, NUCLEAR, AUTOMOTIVE, MEDICAL, FOOD HANDLING, and INDUSTRIAL.

## QUALITY

Tube-Fab Ltd. is dedicated to delivering complete satisfaction to all our customers in every industry we service. We are committed to building strong value based relationships with all our stakeholders, focusing on achieving 100 % On Time Delivery and superior quality products that exceed industry standards and our client expectations.

We have invested in our Quality Accreditations and Certifications’. We have increased the amount and diversity of our capabilities and increased our capacity to deliver superior ‘Fluid Delivery’ components and assemblies to all our clients. We continuously look for opportunities to improve ourselves so that we can pass that higher value on to our clients.
